How the menu works

Every meal includes: smoked meat + 220g side + 150g salad + sauce + pita / baguette — all of your choice. Sides, salads and sauces listed below also have a separate price, in case you want an extra portion or want them to go. Next to each item you'll see the **allergen codes** (see the final page) and approximate calories.

All prices are shown **per portion**, by the indicated weight. Most sides, salads and sauces are already part of the meal — you don't pay extra unless you want a second portion or take them to go.

***Exception:** a few sides and salads marked with the extra badge are **only available as paid add-ons** (not included in the meal).*
